NOTE.

It has been considered desirable (as in 1871 and 1881) that those of the public who might not require, or be disposed to purchase, the Census Abstracts and Reports in their completeness, should have access at a small cost to the statistics of the Territorial Division in which they may have a more immediate interest; and as, in Ireland, the County appears to be the most convenient and familiar area for which the principal particulars should be afforded in abstract, the Census Commissioners, with the approval of His Excellency the Lord Lieutenant, present the following Tables for the County and City of Dublin; and purpose giving similar Tables from time to time, for each County, at such intervals as the progress of the work will permit, beginning with the Province of Leinster, to be followed by those of Munster, Ulster, and Connaught.

CENSUS OF IRELAND, 1891.

COUNTY AND CITY OF DUBLIN.

In addition to the information contained in the County Tables, it has been deemed advisable to adopt the course pursued in 1881, and give the following Summary of the results obtained respecting the County and City of Dublin from the Census Returns of 1891.

SUMMARY.

The County and City of Dublin cover an area of 226,821 statute acres, or 1·1 per cent. of the total area of the country.

According to the Agricultural Statistics (Ireland), for last year (1891), there were 32,450 acres under tillage, 41,048 under meadow and clover, and 118,355 under pasture, making a total of 191,853 acres of Arable Land, or 84·7 per cent. of the total extent of land in the County; 3,977 acres, or 1·8 per cent. under Plantations; 321 acres, or 0·1 per cent. under Marsh, and 11,950 acres, or 5·3 per cent. under barren Mountain Land. The remaining 18,457 acres or 8·1 per cent. were returned as under "Roads, Fences, &c., &c."

The number of persons in the County and City of Dublin according to the Census was—in 1841, 372,773; in 1851, 405,147; in 1861, 410,252; in 1871, 405,262; in 1881, 418,910; and according to the recent Census, 419,216 (197,409 Males, and 221,807 Females) or 0·1 per cent. more than in 1881.

The number of distinct Families in the County and City at the time of the late enumeration was 86,547, the average number of persons in a family being thus 4·6; and the number of Inhabited Houses was 55,610, showing an average of 7·1 persons to each house. In calculating these averages, the Special Inmates of Public Institutions have been omitted.

The following Statement shows, by Baronies and by Poor Law Unions, the number of persons in 1881 and 1891; and the increase or decrease during the decade.

From the foregoing statement it will be observed that the highest per-centages of increase in the Baronies took place in Coolock and Uppercross, viz., 18·6 and 9·9 respectively; and the highest per-centages of decrease occurred in the Baronies of Balrothery, West, and Nethercross, viz., 14·8 and 12·4 respectively. The highest per-centages of decrease in the Poor Law Unions occurred in Balrothery and that part of Dunshaughlin situated in this County, and the lowest in Dublin, South, and that part of Celbridge situated in this County. There was an increase of 4·3 per cent. in the Union of Dublin, North.

Of the persons enumerated in Dublin (County and City) in 1891, 65·36 per cent. were born therein, 17·59 per cent. in other Counties of the Province of Leinster; 4·46 per cent. in Munster; 3·63 per cent. in Ulster; 2·08 per cent. in Connaught; 4·51 per cent. in England and Wales; 1·14 per cent. in Scotland; 1·23 per cent. were born abroad; and 54 persons were born at sea.

Towns having, in 1891, a population of 2,000 and upwards, are classified in the Tables as civic districts.

Dublin contains 12 such districts; in 1881 the population thereof amounted to 349,593; in 1891 it was 352,541, showing an increase of 2,948 persons or 0·8 per cent.; in the rural district of the County there was a decrease of 3·8 per cent.

There are two Parliamentary Divisions in the County, viz., North Dublin and South Dublin, each returning one Member to Parliament; the former division having, in 1891, a population of 75,009, and a constituency of 10,808; and the latter a population of 74,491, and a constituency of 11,680. The Borough of Dublin contains 4 Parliamentary Divisions, each returning one Member, viz.: "The College Green Division" having a population of 67,923, and a constituency of 7,497; "The Dublin Harbour Division," with a population of 71,530, and a constituency of 8,303; "The St. Stephen's Green Division," with a population of 65,652, and a constituency of 8,670; and "The St. Patrick's Division," with a population of 64,611, and a constituency of 6,065. The University of Dublin returns two Members.

The following statement shows, according to Religious Professions, the Number of Persons in the County and City of Dublin in 1881 and 1891, and the increase or decrease during the decade:—

RELIGIOUS PROFESSIONS.	Number of Persons.		Per-centage of Total Population.		Increase or Decrease, 1881-1891.		
	1881.	1891.	1881.	1891.	Increase.	Decrease.	Rate per cent.

COUNTY AND CITY OF DUBLIN.

From the foregoing Table it will be seen that of the total population of the County and City, in 1891, 77.0 per cent. were Roman Catholics, 18.6 per cent. Protestant Episcopalians, 1.8 per cent. Presbyterians, 1.0 per cent. Methodists, and 1.6 per cent. members of other Religious Denominations. During the decade there was an increase in number of Roman Catholics, equivalent to 0.7 per cent.; Protestant Episcopalians declined 3.7 per cent. and Presbyterians, 1.1 per cent.; there was an increase of 395 or 10.6 per cent. in the number of Methodists.

Education.
(Table xxx.)

The following statement shows the Educational Status of the Inhabitants of the County and City of Dublin in 1881 and 1891, in so far as relates to the degrees of elementary education relative to which inquiry was made on the Census Forms:—

DEGREES OF ELEMENTARY EDUCATION.	1881.		1891.	
	Number of Persons.	Rate per cent.	Number of Persons.	Rate per cent.
Read and Write, ...	280,294	66.9	300,359	71.7
Read only, ...	39,189	9.4	27,416	6.5
Illiterate, ...	99,427	23.7	91,441	21.8
Total, ...	418,910	100	419,216	100

From the above it will be seen that whereas, according to the Returns of 1881, only 66.9 per cent. of the Inhabitants could "read and write," in 1891, 71.7 per cent. could do so; that the per-centage of the population who could "read only" in 1881 was 9.4, and in 1891, 6.5; and that the per-centage of the "illiterate" fell from 23.7 in 1881 to 21.8 in 1891.

Table xxxii.

The following statement shows the Population five years old and upwards, also the number and proportion per cent. thereof who were Illiterate.

Proportion per cent., ...	13.9	15.1	14.5	12.7	12.4	12.9

From the foregoing statement it will be seen that, in 1881, 14.5 per cent. of the inhabitants, aged five years and upwards, were Illiterate (13.9 per cent. of the males and 15.1 of the females), and that, in 1891, the per-centage was but 12.7 (12.4 of the males and 12.9 of the females).

Increase in
the Population.

Taking Religious Professions and Education in combination, it appears that in 1891, excluding children under five years of age, 15.3 per cent. of Roman Catholics, 3.9 per cent. of Protestant Episcopalians, 2.9 per cent. of Presbyterians, 3.1 per cent. of Methodists, and 7.7 per cent. of "all other Denominations" were Illiterate.

The number of children attending school in the County and City of Dublin, according to the Census of 1881 (week ending 14th May), was 55,192, or 45.0 per cent. of persons aged 5 years and under 20; in 1891 the number returned (for week ending 30th May), was 59,766 or 47.7 per cent. of the persons aged 5 and under 20.

In 1881 the number of persons in the County and City of Dublin returned as Sick, on the night of the Census, was 6,399, or 1 in every 65 of the population; in 1891 the number so returned was 5,514 or 1 in every 76 of the population; of the latter number 838 were at their own homes, and 4,676 were in hospital.

The number of persons returned in 1881 as receiving relief under the Poor Law System was 11,172, or 1 in every 37 of the population; of this number 6,891 were inmates of Workhouses, and 4,281 were in receipt of outdoor relief; in 1891 the number returned was 8,901, or 1 in every 47 of the population; 6,282 of these being in the Workhouses, and 2,619 on outdoor relief.

For the purposes of Registration of Births, Deaths, and Marriages, the Poor Law Union forms a "Superintendent Registrar's District." Each Union or Superintendent Registrar's District is divided into Dispensary Districts for the Medical Relief of the poor under the Medical Charities Act; which Districts, save in a few instances, are identical with the Registrars' Districts. Each Dispensary District is composed of a certain number of Poor Law Electoral Divisions.

According to the Returns of the Registrar-General the number of Marriages registered in the County and City of Dublin, during the ten years ending 31st March, 1891, was 28,615, equal to an average annual rate of 6.8 per 1,000 of the population. The number registered in the whole of Ireland during the same period affords an average annual rate of 4.3 per 1,000.

The number of Births registered during the ten years was 116,695, affording an average annual rate of 27.8 per 1,000 of the population, the average yearly rate for the whole of Ireland during the same period being 23.2 per 1,000.

The Deaths registered during the decennium amounted to 109,102, being equal to an average annual rate of 26.0 per 1,000; the corresponding rate for the whole of Ireland was 17.8 per 1,000.

The number of Emigrants from the County and City during the ten years ending 31st March, 1891, amounted to 24,814 (14,567 males and 10,247 females); the number for the decade ending 31st March, 1881, was 19,726; for that ending 31st March, 1871, 30,772; and for that ending with March, 1861, 25,755, making a total of 101,067 for the forty years.

The number of Births registered during the ten years ending 31st March, 1891, being 116,695, and the number of Deaths 109,102; a natural increase of 7,593 would appear to have taken place in the Population; but the Emigrants, during the same period, having amounted to 24,814, the net result shown by this method of calculation is a decrease of 17,221; the population, as shown by the Census Returns, exhibits an increase of 306, a disparity in the results to be accounted for to some extent by the fact that no record of Immigrants or of migration from one part of Ireland to another is obtainable.

NOTE.—The County of Dublin was divided into two Parliamentary Divisions under the Redistribution of Seats Act, 48 & 49 Vic., cap. 23, and the Parliamentary Borough of Dublin, which hitherto had returned two members, was at the same time divided into four divisions, each returning a member. The University of Dublin, which returns two members to Parliament, is technically a Borough; but being in that sense an abstraction of law, and without the incidents of boundary, area, and population, cannot be tabulated as a Borough for Census purposes.

Kingstown, Blackrock, Rathmines and Rathgar, Drumcondra, Clonliffe and Glasnevin, Bray (part of—see note (d), p. 98), Balbriggan, Clontarf, Dalkey, Killiney and Ballybrack, New Kilmainham, and Pembroke, are townships formed under Act of Parliament.

The areas given for the foregoing townships are estimated.

For the parishes in which each township is situated, see NOTE (A), p. 75.

(a) All the persons (612 in 1881 and 261 in 1891) on board vessels in Kingstown Harbour are included in the numbers of West Ward.

(a) The Registrar's District of North City, No. 1, was divided, between 1871 and 1881, into North City, No. 1, East, and North City, No. 1, West; it is not now practicable to give the number of houses and population in each prior to 1881. The district of No. 1, East, was increased from the 1st January, 1883, by the transfer to it of a portion of the district of No. 1, West. The number of houses and the population prior to 1881, in the area now comprised in each, cannot be ascertained.

(b) See NOTE at foot of page 74.

(c) The boundary between the Registrar's Districts of North City, Nos. 2 and 3, was altered from the 1st of October, 1884, but the houses and population prior to 1891, are for the old Districts, as the figures for the altered Districts for previous Censuses cannot be ascertained.

(d) The remainder of the Union of Dunshaughlin, and that of the Registrar's District of Garristown, is in the County of Meath.

(c) The increase is attributed to the employment of a larger number of agricultural labourers since 1881.

(d) The enumerator reported in 1881 that some families previously returned in Ballisk Common townland were then properly returned in Beaverstown townland.

(e) Ballisk town, which has not previously been separately returned, stands on the townland of Beaverstown in which its area and valuation are included.

(f) Donabate (part of) is included, as in 1871 and 1881, in the Townland of Beaverstown, see note (f), p. 90.

(g) The remainder of the parish of Swords is in the barony of Coolock, see p. 89; the entire parish contains 1,918 persons.

NOTE.—The plan of classification in the foregoing Table is the same as that adopted in former Censuses and may be thus described :—

The value or condition of a house, as to its quality, may be considered to depend mainly on—

1st, its extent, as shown by the number of rooms; 2nd, its quality, as shown by the number of its windows; and 3rd, its solidity or durability, as shown by the material of its walls and roof. If numbers be adopted to express the position of every house in a scale of each of these elements, and if the numbers thus obtained for every house be added together, a new series of numbers will be produced, giving the position of each house in a scale compounded of all the elements, i.e., their actual state.

Four classes have been adopted—in the lowest of the four classes are comprised houses principally built of mud or other perishable material, and having only one room and window; in the third a better description of house, varying from one to four rooms and windows; in the second, what might be considered a good farm house, having from five to nine rooms and windows; and in the first class all houses of a better description than the preceding.

The accommodation which the houses afford has also been arranged under four classes, viz. :—

First Class accommodation consisting of 1st class houses, occupied by one family.

Second Class accommodation consisting of 2nd class houses, occupied by one family, and of 1st class houses, occupied by two or three families.

Third Class accommodation comprising 3rd class houses, with one family each, 2nd class houses, with two or three families, and 1st class houses occupied by four or five families.

Fourth Class accommodation includes all 4th class houses, 3rd class houses with more than one family, 2nd class houses with four or more families, and by class houses inhabited by six or more families.

NOTE.—The number of persons referred to a particular occupation, profession, or rank, must not be taken as intended to represent the actual total of persons circumstanced in the City. An individual having more occupations than one, or an occupation distinct from his profession, or income distinct from both, often, either through inadvertence, or of preference, return himself under one head only of occupation or condition. Thus, a person who may be a Clergyman, Professor, or Barrister and Land Agent, or Judge and Land Owner, will very generally be found returned in one of these characters.

(a) In this Class, Order, and Sub-Order, are included all persons aged 15 years and upwards, returned as "Scholar" or "Student."

* The designation "Primary" has been applied in Irish Census Publications, since 1841, to schools where the instruction is exclusively English; while those schools in which a foreign language is taught have been classed as "Superior," upon the assumed likelihood that the presence of a foreign language in the school course argues a higher standard of general instruction than is to be found where such an element is wanting.

† These form the second group in the classification of the National Board; the Model Schools being the first. See Rules of the Commissioners of National Education, page 5.

* The designation "Primary" has been applied in Irish Census publications, since 1841, to schools where the instruction is exclusively English; while those schools in which a foreign language is taught have been classed as "Superior," upon the assumed likelihood that the presence of a foreign language in the school course argues a higher standard of general instruction than is to be found where such an element is wanting.

† These form the second group in the classification of the National Board; the Model Schools being the first. See Rules of the Commissioners of National Education, page 6.
